

# Modern Slavery Policy

## Purpose

At Bromic Group we are committed to ensuring that there is no modern slavery or human trafficking in our operations and supply chains or any part of our business. We recognize our responsibility to identify and mitigate any risk of modern slavery in our operations and supply chains.

We will not tolerate any form of modern slavery, including forced labour, bonded labour, human trafficking, or child labour. **Further reference BPOL3 Ethical Sourcing Policy**

We will take action to address any instances of modern slavery that are identified in our operations or supply chains. This may include terminating our relationship with suppliers or partners who engage in modern slavery or working with them to address any issues and improve their practices.

## Responsibilities

All employees, suppliers, and partners have a responsibility to comply with this policy and to report any suspected instances of modern slavery or human trafficking to Bromic Group.

## Conclusion

We believe that by promoting ethical and responsible business practices, we can create a better world for ourselves and future generations.

We expect our employees, suppliers, and partners to share this commitment and to work with us to achieve our shared goals.
